Submitted by

Internal Quality Assurance Cell (IQAC)
Seth Anandram Jaipuria College

Accredited by NAAC (1st cycle) in 2015

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes :

IQAC in its meeting with Departmental Heads advises them to arrange Annual Plan Meeting at the beginning of each session, assign syllabus to the departmental teachers, prepare time schedule for class tests & to convene result review meetings. It also collects annual reports from the departments and analyses their performance and progress. IQAC suggests the departments to use more ICT enabled methods of teaching, seminars, educational tours & excursions, to impart extra knowledge and skills even beyond the prescribed syllabus. The IQAC motivate teachers to arrange departmental seminars, quizzes, group discussions and class tests as a way of monitoring and evaluating the teaching learning process. All teaching and evaluation assignments to teachers for their Career Advancement need to be approved by the coordinator-IQAC after physical verification. IQAC also motivate the students to engage in more academic and socio related activities.

Best Practices – I

1. Title of the Practice:

Online access to the library resources

2. Goal

The major aims of the practice followed by the institution are

- To reach to the faculty and students at 24×7 basis.
- To provide online access to library/ bibliographic resources, question papers and other documents for the member of the library through webOPAC.
- To help in the learner centric teaching-learning process
- To educate and assist students and staff in the identification and effective use of online information resources
- To strengthen and update all collections considering the needs of the faculty members.
- To help in the long term preservation of the collections and materials.
- To maintain and upgrade physical and technological infrastructure to enhance the quality of services
- To enhance information literacy, especially in the student community, by developing effective plans aiming at improving student ability to access, evaluate, understand and use of information critically and efficiently.

3. The Context

This is observed that students and faculty members are need to be updating their educational exposure to the knowledge resources available at a broad spectrum. The updating is possible through access of information resources available within the library. The basic philosophy is to reach to the students and faculty members in such a way so that access to the bibliographic and other resources is possible. The ultimate target is to get to the optimum use of the resources of the library and make the users more library-centric.

4. The Practice

- The students get to know how to use the resources through library orientation program.
- The students can directly visit <http://sajaipuricollege.kohacloud.in/> to get the latest update of the library related information.
- Students are individually and in orientation advised to download library app for browsing the resources.
- Students can get live update about a particular book once they get the mobile app uploaded in their android smart phone.
- They can also access and download question papers through digital repository system.

5. Evidence of Success

There are some evidences of success:

- The students and faculty are more encouraged in using the library portals.
- There are greater numbers of hit in the library portal.
- Now the users can use the bibliographic resources and thus made their own selection of books.

6. Problems Encountered and Resources Required

The cloud platform is used here to make the bibliographic details live in online. There is greater number of technological equipments, both hardware and software, required to provide such kinds of services. The more human resources are required to make to details updated to provide current information to the students and faculty members.

Best Practices – II

1. Title of the Practice:

Parents/Guardians & Teachers meeting

2. Goal

The major aims of the practice followed by the institution are

- To inform parents/guardians periodically about the progress of the student in study, attendance and other activities in the college.

3. The Context

Guardians are informed about the attendance of the students to alert them about the rule of affiliated University about the attendance criteria to appear in the University Examination conducted by the University. Again, guardians are enlightened with the academic progress of the students and their problems, their attitude, behaviour and other activities in the college. The parents/guardians meeting is also held during field study in distant places for their consent by explaining the justification and benefit of field study.

4. The Practice

Parents/guardians & teachers meetings are conducted by faculty members of various departments of the college. The number of times of the occurrence of such meeting depends on the criteria of the department but it occurs at least once a year.

5. Evidence of Success

Parents/guardians & teachers meeting has the positive impact on the progress of the students' activities enhancing academic activities, attendance, behaviour & conduct etc.

6. Problems Encountered and Resources Required

Guardians are informed over telephone or group sms system. In most of the cases, guardians cannot turn up due to preoccupation. In that case the report of students' progress was communicated to the guardians over telephone.
